## IHE-Europe Connectathon 2009 in Vienna / Austria

### IHE-Austria has some BIG plans for 2009

Parallel to the Connectathon 2009, on the 22nd and 23rd of April, IHE-Austria and the University of Applied Sciences Technikum Vienna will offer a series of workshops entitled "Sharing Clinical Documents and Integrating Workflow - Practical Solutions from Integrating the Healthcare Enterprise (IHE)".

The workshops will be organized in two tracks, one for users and one for vendors of health IT systems. The user track will offer sections for "Clinical Content" and "Management". The vendor track informs about the IHE development process and how to stay at the cutting edge by being part of it. It will be of interest to software suppliers and those involved in planning the implementation of health IT systems. For detailed information and registration visit the IHE-Austria homepage <http://www.ihe-austria.at/index.php?id=2&L=0>.

### Conference Facilities

**The IHE-Europe Connectathon** will be held at The Remise, an old coach house for tramways now used as a function room. It will provide enough space and is foremost an atmospheric place near the city center of Vienna. For more details go to [www.koop-kundenweb.at/remise/](http://www.koop-kundenweb.at/remise/).

**The Participants' Workshop** is an important milestone in the preparation of the Connectathon for all participants and will be held at the University of Applied Sciences Technikum Vienna. Map and details of the venue on [www.technikum-wien.at/en/insight/getting\\_to/](http://www.technikum-wien.at/en/insight/getting_to/).

### Vienna - General Information

Vienna is centrally located in Europe. There are regular train and bus services to the city from the Vienna International Airport (VIE).

Vienna is a city of many facets. Electronic DJs are as much part of Vienna as the Vienna State Opera. Trendy clubs, "young" galleries, modern architecture and stylish shops are as much Vienna as the concert halls, the large museums, the splendid buildings and the nostalgic shops. For a more comprehensive guide to Vienna go to <http://www.wien.info/>

### Hotels

Near the conference facilities you will find a choice of hotels - most of them only one or two subway stations away:  
Hilton Vienna Danube / Austria Trend Hotel Lassalle  
Hotel Ibis Wien Messe / Suitehotel Wien Messe  
Martin Appartement / Arcotel Kaiserwasser  
Were available, special rates will be published on the IHE-Europe website.

The **Social Event** is planned to be held at a traditional Vienna 'Heuriger' on Thursday - 23rd of April - with live music and excellent food and drinks.

**IHE-Europe** is the European organisation of the international IHE organisation. 'Integrating the Healthcare Enterprise' (IHE) is a joint initiative of healthcare professionals and industry to improve the way computer systems in healthcare share information. IHE promotes the coordinated use of established standards such as DICOM, XML and HL7 to address specific clinical needs in support of optimal patient care. Systems developed in accordance with IHE specifications communicate with one another better, are easier to implement, and enable care providers to use information more effectively.
